

MONTHLY SPLIT UP SYLLABUS 2021-2022

CLASS: XI **TERM-1**

SUBJECT: CHEMISTRY

MONTH	DAYS IN A WEEK	TOPICS/ SUB-TOPICS	NO. OF PERIODS REQUIRED	T. NO. PERIODS PER WEEK	REMARKS
AUGUST	6 (aug 25) 1	Some Basic Concepts of Chemistry	10	2	Self assessment , exercise question given and extra questions given
SEPTEMBER	04 05 06 06 04	Some Basic Concepts of Chemistry Structure of Atom Organic Chemistry: Basic Principles and techniques	10 12 10	3	Self assessment , exercise question given and extra questions given
OCTOBER	2 4 3 5 6	Classification of Elements and Periodicity Chemical Bonding and Molecular Structure Hydrogen	6 14 4	3	Self assessment , exercise question given and extra questions given
NOVEMBER	6 5 6 6 2	Redox Reactions Revision and Term-1 examination	4	3	Self assessment , exercise question given and extra questions given
DECEMBER	4 5	Examination result preparation Winter break		3	Self assessment , exercise question given and extra questions given

TERM-2

MONTH	DAYS IN A WEEK	TOPIC/ SUBTOPIC	NO. OF PERIODS REQUIRED	T. NO. OF WORKING DAYS	REMARKS
JANUARY	6	States of matter	9	3	Self assessment, exercise questions given and extra question given
	6	Chemical Thermodynamics	14		
	5	Hydrocarbons	10		
FEBRUARY	4	Equilibrium	12	3	Self assessment, exercise questions given and extra question given
	5		9		
	6	s- Block Elements	9		
	6	P-Block Elements			
MARCH	4	P-Block Elements		3	Self assessment, exercise questions given and extra question given
	5	Revision for Annual Examination
